The managers who contribute to the Universe manage assets totaling approximately \$470 billion, including pension funds assets of some \$230 billion. Rates of return are calculated before deduction of management fees and other expenses that may be associated with investment in the pool funds. All returns are shown in Canadian dollars. You may wish to complete your performance review by consulting our risk analysis. It illustrates the manager's risk and style. This report presents excerpts from our Performance Universe produced quarterly. Complete and express versions of the Performance Universe are available by subscription. If you would like more information or to subscribe to one or more Universes, please contact us at 581.703.4051.

Please refer to the back page "Disclosures" for important information regarding the performance data provided in this report.

The information contained in this report is intended solely for institutional investors and is not to be construed as investment advice and shall not constitute accounting, legal or tax advice. Investors should speak with their investment professional before acting on any information provided herewith.

Commissions, trailing commissions, management fees and expenses all may be associated with pooled funds. Please read the prospectus or other offering documents before investing. Pooled funds are not guaranteed, their values change frequently, and past performance may not be repeated. Index returns, if shown do not reflect commissions, trailing commissions, management fees and expenses.

Performance Disclosure

Commissions, trailing commissions, management fees and expenses all may be associated with pooled fund investments. Please read the prospectus before investing. Investment funds are not guaranteed, their values change frequently and past performance may not be repeated. Index returns, if shown do not reflect commissions, trailing commissions, management fees and expenses.

Fund Performance: All performance returns shown in this report are sourced from the respective investment fund managers and provided gross of investment management fees, but net of operating expenses, unless noted otherwise. The returns are based on the historical annual compounded total returns of the participating funds including changes in unit value and reinvestment of all distributions and do not take into account sales, redemption, or optional charges or income taxes payable by any securityholder in respect of a participating fund that would have reduced returns. Investment funds are not guaranteed, their values change frequently and past performance may not be repeated.

3rd Party-Sourced Data: TELUS Health fund performance information is provided by third-party sources believed to be reliable, but the accuracy or completeness of this information is not guaranteed, nor in providing it does TELUS Health assume any responsibility or liability.

Fund Ranking: The TELUS Health Ranking are comparisons of the performance of a fund to other funds in the applicable Fund category and are subject to change quarterly

Performance Universe: The Performance Universe database is a compilation of 275 investment fund strategies by paid subscription and should not purport to reflect the entire universe of available fund strategies available to Canadian investors. Constituents in the Performance Universe are subject to change without notice. Performance has been expressed in Canadian dollars.

The MSCI information may only be used for your internal use, may not be reproduced, or redisclosed in any form and may not be used as a basis for or a component of any financial instruments or products or indices. None of the MSCI information is intended to constitute investment advice or a recommendation to make (or refrain from making) any kind of investment decision and may not be relied on as such. Historical data and analysis should not be taken as an indication or guarantee of any future performance analysis, forecast or prediction. The MSCI information is provided on an “as is” basis and the user of this information assumes the entire risk of any use made of this information. MSCI, each of its affiliates and each other person involved in or related to compiling, computing, or creating any MSCI information (collectively, the “MSCI Parties”) expressly disclaims all warranties (including, without limitation, any warranties of originality, accuracy, completeness, timeliness, non-infringement, merchantability, and fitness for a particular purpose) with respect to this information.
