

Performance Universe of Pension Managers' Pooled Funds.

As at June 30, 2023

The managers who contribute to the Universe manage assets totaling approximately \$470 billion, including pension funds assets of some \$230 billion. Rates of return are calculated before deduction of management fees and in Canadian dollars.

You may wish to complete your review of rates of return by consulting our risk analysis. It illustrates the manager's risk and style.

This brochure presents excerpts from our Performance Universe – produced quarterly. Complete and express versions of the Performance Universe are available by subscription. If you would like more information or to subscribe to one or more Universes, please contact us at 581.703.4051.

Investment & Risk

TELUS Health provides independent advice on all aspects of asset/liability management for pension funds including the following:

Investment policy

- Matching asset allocation to liability
- Projection of liability and risk analysis
- Cost Control
- Structure of portfolio management assignments

Investment performance

- Independent performance evaluation reports
- Benchmarking performance and risks
- Reporting process of managers to trustees

Governance

- Outsourcing of fund management monitoring
- Review of controls and assignments
- Review of safeguards on derivative instruments

Portfolio managers

- Selection of managers for both DB and DC plans
- Contracting of managers
- Agreement on management fees

Investment strategy

- Measure of the reduction of your pension costs associated with various levels of investment risks

 **TELUS** Health
